*Healthcare Industry Expert **Carrie Cox** Available for Media Interviews on New Special Enrollment Period*

President Biden recently signed an executive order creating a new special enrollment period beginning February 15 and ending May 15, 2021. This special enrollment period will give Americans who need healthcare coverage during this global pandemic the opportunity to sign up.

The special enrollment period will be offered to consumers applying for new coverage or updating an existing application through HealthCare.gov or through direct-enrollment channels. The pandemic has made securing health insurance coverage more important than ever before. Agents and brokers can be crucial aides in that pursuit.

The National Association of Health Underwriters (NAHU) is the premier association representing agents and brokers. NAHU members are trained to help people make wise decisions about their health insurance coverage. They're licensed by the states in which they practice and required to undergo continuing education to stay on top of all the changes in the healthcare sector.

Carrie Cox, President of the Oklahoma State Association of Health Underwriters is available for comment, interviews, and speaking engagements.

Bio: **Carrie Cox currently serves as the President for the Oklahoma State Association of Health Underwriters (OSAHU)**
